Florida Department of Transportation
District 4 - Design
3400 W Commercial Blvd
Ft Lauderdale, FL 33309-3421

Public participation is solicited without regard to race, color, national origin, age, sex, religion, disability, or family status.

If you need special accommodations under the Americans with Disabilities Act or require translation services (free of charge), please contact Vanita Saini, P.E., Design Project Manager at least 7 days before the meeting.

Proposed Improvements

The Florida Department of Transportation plans to complete the following work on SR 80 (Southern Boulevard) within the project limits:

- ✓ Replacement of the Existing Movable Bridge over the Intracoastal Waterway with a New Two-lane Movable Bridge.
 - The new bridge will provide 21 feet of vertical clearance and 125 feet of horizontal clearance between the fenders.
 - The new bridge will be constructed on the same alignment as the existing Bridge and provide two, 12-foot wide travel lanes.
 - A Temporary Bridge will be constructed on the north side of the existing bridge in order to minimize traffic impacts during construction of the replacement bridge
- ✓ Replacement of the Tide Relief Bridge with a New Similar Two-lane Bridge located parallel to and slightly south of the existing bridge.
 - The new Tide Relief Bridge will provide approximately 11 feet of vertical clearance and 48 feet of horizontal clearance
- ✓ 10-foot shoulders (which will accommodate bicyclists) and 6-foot sidewalks are proposed on both sides of both bridges.
- ✓ Construction of a New Left Turn Lane from the Bridge onto Flagler Avenue to Alleviate Traffic Congestion.
- ✓ Roadway and Drainage Improvements along Southern Blvd., Flagler Drive and the Post Memorial Causeway.
- ✓ Enhanced Parking Areas and New Sidewalks along the Causeway.
- ✓ Signing and Marking Upgrades along Southern Blvd., Flagler Drive and the Post Memorial Causeway.
- ✓ New Mast Arm Traffic Signals at the Intersections with Washington Road and Flagler Drive
- ✓ Upgraded Lighting System throughout the Project Limits.
- ✓ Paved shoulders along the Post Memorial Causeway.
- ✓ Install infrastructure at the intersection of Church Street for potential signalization in the future.
- ✓ Revise median access to improve traffic flow as well as safety.
- ✓ The expected start date of the project is Summer 2016 and will last for about 36 months. The estimated construction cost is \$78 Million.
